

Limited-time offer:

Exclusive to Sarnia, Brights Grove and Point Edward

The choice is yours:

Free energy-saving¹
home upgrades

UP TO \$15,000² instant
rebates at no cost

**SARNIA
saves**

 **ENBRIDGE®**

Helping you make your home more **energy efficient**

Enbridge Gas is making it easier for homeowners in Sarnia, Brights Grove and Point Edward to improve their home's comfort and energy efficiency year round.

With flexible options for every home, eligible participants can choose to upgrade multiple areas of their home, upgrade attic insulation only, or upgrade to an electric heat pump for free.

**The more you upgrade, the
more energy you save.**

Option 1

Upgrade multiple areas of your home³

Comfort in every corner of your home

The first step to a more comfortable home is knowing where to start. A home energy assessment shows you how your home uses energy and reveals the upgrades you need to improve its energy efficiency, reduce drafts and air leaks, and improve air quality.

Benefits at a glance:

- Free home energy assessments and a custom energy report.
- Up to 100% of equipment and installation costs covered.
- Instant⁴ rebates when you work with a program-approved contractor.

Option 2

Upgrade attic insulation for free

Get consistent temperatures **year-round**

Improving your attic insulation reduces drafts, controls moisture, and helps keep your home warmer in winter and cooler in summer.

Benefits at a glance:

- No home energy assessment is required.
- Attic and cathedral ceiling/flat roof insulation—up to 100% of project costs are covered!
- Rebates are applied instantly.

Option 3

Upgrade heating and cooling for free

Energy-efficient heating and cooling

Enjoy year-round comfort, energy savings, and reliability with an electric cold-climate air source or ground source heat pump.⁵

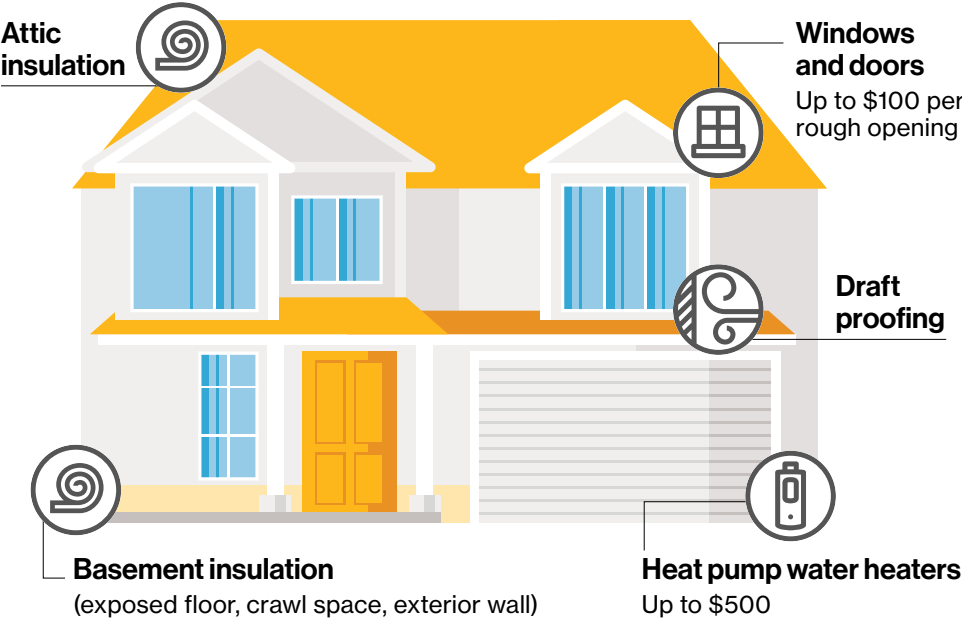

Benefits at a glance:

- No home energy assessment is required.
- Electric heat pumps are free—up to 100% of project costs are covered!
- Rebates are applied instantly.

This offer is available on a first-come, first-served basis due to limited inventory.

What's included?

Energy-saving home upgrades, from free insulation and draft proofing to electric heat pumps and more!

Upgrade	Rebate

Electric ground source heat pump	Free

Are you eligible?

- ✓ I have an active Enbridge Gas account.
- ✓ I primarily heat my home with natural gas.
- ✓ I live in an eligible home type:
 - Single-detached or semi detached house.
 - Row house or townhome.
 - Mobile home on a permanent foundation.**OR**
 - I operate a microbusiness in a former residential dwelling with residential-sized HVAC equipment.

What happens next?

- 1 Fill out a form online. Visit enbridgegas.com/sarniasaves
- 2 Confirm your eligibility

A program delivery agent will follow up to confirm eligibility and assign a contractor to your project.

 - For **multiple home upgrades**, this includes scheduling a free home energy assessment. Following the initial assessment, you will receive an energy report and a custom upgrade plan.
 - For **attic insulation** and **electric heat pumps**, no energy assessment is required.
- 3 Get a quote

You'll receive a quote with the rebates already applied. Once you approve the quote, your upgrades will be installed.

 - If you choose to work with your own contractor, your quote must be approved by Enbridge Gas before installation begins.
 - After your installation and follow-up assessment are complete, your rebate cheque will be mailed within 60 days.
- 4 Receive your upgrades

Once you approve the quote, a program-approved contractor will install your upgrades.

 - For multiple home upgrades, installation will be followed by a follow-up assessment of your home's energy efficiency.

Learn about our other programs

The Home Winterproofing program provides free insulation, draft proofing, ENERGY STAR® certified appliances and more to income-eligible Ontarians.

Through the Home Renovation Savings program, you can get a \$75 smart thermostat rebate. Shop online or in-store, and choose your preferred model from the leading brands.

Ready to get started?

Visit our website to fill out a short form and we'll handle the rest.

enbridgegas.com/sarniasaves

¹ Any references to energy savings are based on the assumption that the participant is reducing their natural gas consumption through participation in Enbridge Gas programs.

² Terms and conditions apply to specific rebates. Visit enbridgegas.com/sarniasaves for details. Rebate offers are subject to change based on budget availability. Applicable to Enbridge Gas customers located within the City of Sarnia, Village of Point Edward and Brights Grove (N7S, N7V, N7W, N7X, N7T, N0N 1C0).

³ To qualify for multiple upgrades, participants must complete initial and follow-up home energy assessments. Windows, doors, skylights and sliding doors, heat pump water heaters and draft proofing must be done in conjunction with an eligible insulation measure.

⁴ Participants may receive instant rebates only when qualifying upgrades are completed by program-approved contractors. If you work with your own contractor, you will be required to pay upfront costs. Once the eligible upgrades are installed, you will be reimbursed through a rebate process facilitated by the delivery agent.

⁵ To qualify for heat pumps, participants must switch from natural gas space heating to electric space heating after installation – without any backup natural gas space heating options.
