

Exclusive offer for Sarnia, Point Edward and Brights Grove

Free energy-efficient upgrades for local businesses

Get incentives up to
\$100,000¹

Plus: Custom projects qualify for even higher incentives! See back page for details.

**SARNIA
saves**

 **ENBRIDGE[®]**

Two paths to exclusive incentives

We provide upfront funding for natural gas equipment and expert technical support at every step. You'll benefit from long-term energy savings² and lower operating costs for your business.

Fixed incentive offer

Upgrade to high-quality energy solutions with a preset list of upgrades with incentives up to \$100,000.

Custom incentive offer

Qualify for even higher incentive amounts based on natural gas savings of up to \$2.00/m³—perfect for large commercial or industrial operations involving complex natural gas equipment and processes.

Use a trusted provider from our trade ally network or work with your own contractor³—it's up to you.

Fixed incentive offer

Free energy-saving upgrades on select equipment

Eligible equipment

Space heating and hot water

Air curtains (shipping and pedestrian doors)

Dock door seals

Condensing make-up air units

Ozone laundry

Ventilation

enbridgegas.com/sarniasaves/business

¹ Terms and conditions apply. Visit enbridgegas.com/sarniasaves/business for details. Incentive offers are subject to change based on budget availability. In order to qualify for incentives, your project must be approved by Enbridge Gas prior to starting any upgrades. Incentive cannot exceed 100 percent of the project cost (including HST). Incentive offers are available between Jul. 31, 2025 and Dec. 31, 2026. Applicable to Enbridge Gas non-contract rate class customers located within the City of Sarnia, Village of Point Edward and Brights Grove (N7S, N7V, N7W, N7X, N7T, NON 1C0).

² Any references to energy savings are based on the assumption that the participant is reducing their natural gas consumption through participation in Enbridge Gas programs.

³ Customers who choose to work with a contractor outside of the Enbridge Gas network must submit the project quote for approval before starting the installation. Incentive is available through the rebate option.

⁴ Hybrid rooftop units are not eligible for 100% equipment and installation coverage. Incentive amounts for this measure range from \$1,000 to \$8,000 based on the heating capacity (kBtu/hr) of the unit, with up to 50 percent of eligible project costs covered. Incentive is available through the rebate option.
