**ACTION PLAN**

Lambton Detachment

**OUR VISION** Safe Communities... A Secure Ontario

**OUR MISSION** Committed to public safety, delivering proactive and innovative policing in partnership with our communities.

**OUR VALUES** Professionalism, Accountability, Diversity, Respect, Excellence and Leadership

# Ontario's Mobilization & Engagement Model of Community Policing

## Enforcement & Crime Suppression

Community Mobilization

*Enforcement* is an integral component of Community Policing where there are threats to community safety and security

*Crime Prevention through Social Development:* addresses the precursors to crime, like: poverty, sub-standard housing, addictions and negative parenting.

In the beginning police *lead* community members into safety and community-building initiatives - always looking for community members who can take over the *leadership* role.

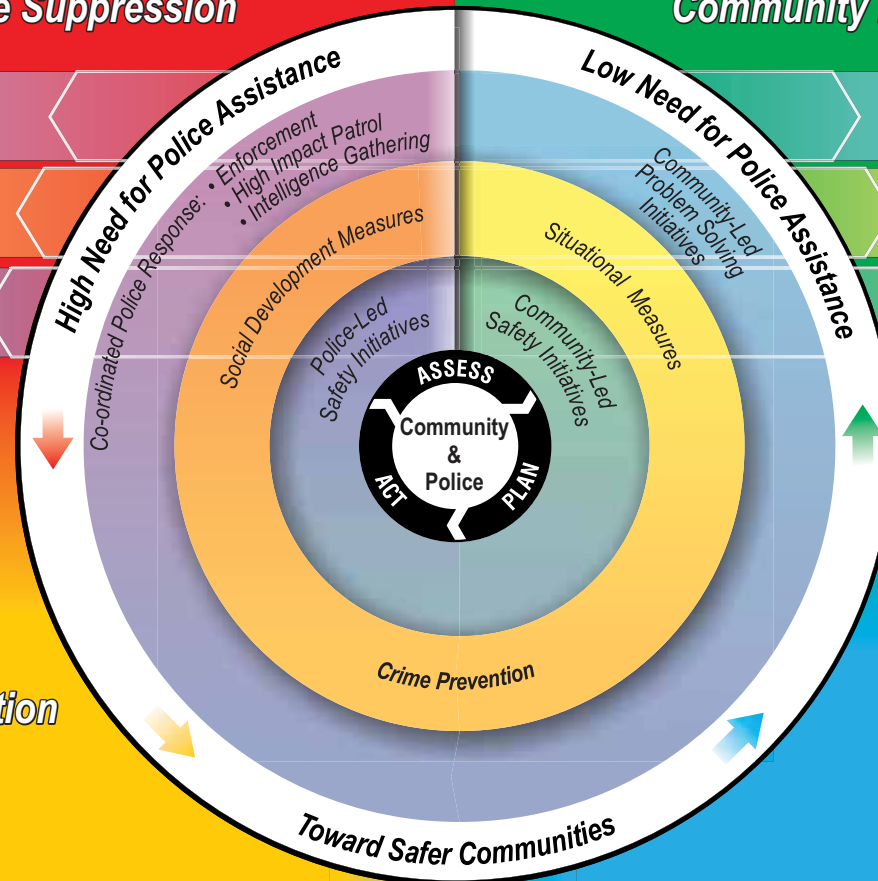

## Community Engagement & Liaison

Community Engagement

Communities which have the greatest *capacity* to resolve issues that threaten their safety, security and well-being, require the least police assistance.

*Situational Crime Prevention Measures:* focus on specific forms of crime - like double-cylinder, dual bolt locks that prevent some forms of break and enter.

Police may have to find the natural community leaders and *engage* them to help community members increase their own safety, security and well-being.

## Community Mobilization & Crime Prevention

## Community Safety & Consultation

**COMMUNITY MOBILIZATION**  
Actions and initiatives that police officers take to motivate and support neighbours to deal more effectively with the root causes of crime and insecurity in their neighbourhoods.

**COMMUNITY**  
Community includes every person or organization that is affected by any real or anticipated threat to peace, safety, security and well-being.

**COMMUNITY POLICING**  
Community Policing is the process by which police and other community members partner to improve community wellbeing, safety and security through joint problem identification, analysis, response and evaluation.

**COMMUNITY ENGAGEMENT**  
Police actions that encourage participation of neighbours and citizens in increasing their own and others safety, security and well-being.

## Message from the Detachment Commander

The Ontario Provincial Police Lambton Detachment is proud to provide policing services in the Municipalities of the Lambton Group and the Village of Point Edward. I am pleased to announce that 2014 marks the first year of our three year OPP Strategic Plan (2014 – 2016). This new OPP Strategic Plan is an organizational roadmap that will move the Lambton County OPP further towards a proactive, innovative approach to policing, in partnership with the communities we serve.

As an organization we will focus on the following five main priorities to propel us into the next era of policing. These five priorities are; Leadership, Healthy Workforce, Technology, Analytics and Reinvestment.

We will use analysis, prioritization and evaluation to transform our service delivery model. The goal is to “work smarter” and focus our people on the important task of delivering proactive and innovative policing services in partnership with our communities.

Working smarter is about ensuring the OPP’s investment in technology is fully utilized to support operations. By working more intelligently, the Lambton County OPP will maximize its vast stores of information to deploy resources and direct operations. Some traditional policing tools such as random patrol are not an efficient or effective use of resources. In contrast, a statistical, intelligence-led, and analytical approach will allow us to maximize our resources. This is the starting point for identifying community safety and crime reduction strategies.

There continues to be great public focus on the delivery of policing services, particularly around the cost of those services. Municipalities want value for their money, so we must ensure, through analysis, that we have the right people in the right places, at the right times to make a difference. It is imperative that we maximize the use of technology to enhance our capacity in relation to crime analysis and tactical priority setting.

The continued dedication of our members together with the support and governance of our local police services boards and municipalities are integral for our continued success in keeping our communities safe. As Detachment Commander I am committed to public safety, delivering proactive and innovative policing, in partnership with our communities in our ongoing pursuit.

## Our Detachment

- Lambton County OPP provides policing services to nine (9) municipalities and the Village of Point Edward, with a population of approximately 126,000. The landscape of our communities portrays residential, rural, agricultural and commercial areas.
- Highway 402 in Lambton County is a major thoroughfare in the Province of Ontario providing direct and efficient transportation of commercial and passenger vehicles. Traffic congestion and significant weather events provide policing challenges throughout the year.
- Lambton County borders major waterways utilized for transportation of commercial goods and personal pleasure craft during the summer months.
- There are three international border crossings in Lambton County; Sombra Ontario, Walpole Island First Nation Community and the Blue Water International Bridge. These international crossings facilitate thousands of commercial and passenger vehicles a day, affording economic stability to the Province of Ontario and Canada.
- The summer months present unique policing challenges to the Lambton County OPP. The Pinery Provincial Park and the Village of Grand Bend present significant population increases with an influx of tourists.
- Lambton County is home to significant commercial/industrial contributors. “Chemical Valley” in St. Clair Township is host to the largest grouping of refining and chemical companies in Canada. The substantial business presence in Lambton County provides positive employment sustainability and economic contributions to the community.
- The OLG Casino in Point Edward attracts individuals from all across the province and country. This entertainment venue provides a positive financial contribution to the community while providing employment opportunities to numerous residents in Lambton County.
- The Lambton County OPP assists the First Nations Communities of Walpole Island and Stony Point First Nation with additional policing resources when required through a partnership in fostering community relationships.

## List of Priorities for 2014-2016

The OPP's action planning process ensures compliance with the Adequacy and Effectiveness of Police Services Regulation (Adequacy Standards) filed as O. Reg. 3/99 in 1999.

Through assessment, analysis and consultation, the following priorities were identified under three categories: crime, traffic and other policing. The priorities reflect provincial, regional and local issues. Subsequent local analysis and consultation will further identify the specific areas of focus for this detachment. Priorities will be addressed by effective management strategies combining engagement, education and enforcement. Operationalized within the parameters of Ontario's Mobilization and Engagement Model of Community Policing these strategies will provide the foundation for sustainable community safety and reduced victimization.
