**BY-LAW NUMBER 18 of 2023**

BEING A BY-LAW TO REGULATE  
THE ESTABLISHMENT OF OPEN-AIR BURNING

**WHEREAS** the Fire Protection and Prevention Act, 1997, S.O. 1997, c.4, Section 7(1) 1(a) (b), as amended states that a council of a municipality may pass by-laws regulating fire prevention, including the prevention of the spreading of fires, and regulating the settling of open-air fires, including establishing the times during which open air fires may be set;

**AND WHEREAS** Section 2.4.4.4 of the Ontario Fire Code provides for the prohibition of open air burning unless approved or unless such open air burning consists of the use of a barbeque to cook food, provided such devices contain a small, contained fire which is supervised at all times;

**AND WHEREAS** section 129(a) of the *Municipal Act, 2001*, S.O. 2001, c. 25, as amended, provides that a local municipality may prohibit and regulate with respect to noise, vibration, odour, dust, and outdoor illumination;

**AND WHEREAS** section 444 of the *Municipal Act*, provides that if a municipality is satisfied that a contravention of a by-law has occurred, the municipality may make an order requiring the person who contravened the by-law or who caused or permitted the contravention or the owner or occupier of the land on which the contravention occurred to discontinue the contravening activity;

**AND WHEREAS** in section 446 of the *Municipal Act*, that if a municipality has authority under the Act or under a bylaw under this or any other Act to direct or require a person to do a matter or thing, the municipality may also provide that, in default of it being done by the person directed or required to do it, the matter or thing shall be done at the person's expense;

**AND WHEREAS** the Council of the Corporation of the Village of Point Edward deems it appropriate that open air fires could cause a public nuisance by creating excessive smoke or odour, infringing on the enjoyment of neighbouring property use, generating false alarms, and creating negative health effects on neighbouring residents;
