

# Payment Options for Village of Point Edward Accounts

## Village of Point Edward Tax & Water Bills

Tax payments and water payments can be made by cheque: mail to the Municipal Office at 135 Kendall St., Point Edward, ON, N7V 4G6, or drop the payment in the locked mailbox located to the left of the Office's front door.

You can also make payments at the bank or through online banking. If you would like to set the Village up as a Payee using online banking, please ensure you select the appropriate Village department for your payment—tax or water. For taxes, your account number is your roll number.

For water, you may have to modify the Customer Number given on your Village invoice/statement, depending on the set number of digits your bank allows. The Village Customer Number is 15 digits; you will see there is a string of six zeros in the middle of your account number—any or all of these zeros can be removed in order to accommodate your bank's account format. Please call the Village Office if you are having difficulty setting up your online payment.

**Pre-authorized payments are also available.** Taxes can be pre-authorized for the due date or as monthly installments on the 5th of each month. Pre-authorized water payments are set up for the amount owing on the due date. A void cheque is required in addition to the applicable form [for tax](#) or [water](#), which can be printed from our website.

If you are unable to use any of the options above, please call the Office to arrange an appointment. The preferred method of in-office payment is debit. COVID-19 screening questions will be asked before you enter the building.

## Point Edward Arena Invoices

Arena invoices cannot be paid online. Payments by cheque, in the manner described above, are preferred. Appointments can be booked for in-office payment by debit or cash, if needed. Please call 519-337-3021 to arrange.

**Phone calls will continue to be answered during regular business hours.**
