

Signs Prohibited on Village Boulevards

Village boulevards are increasingly being used to display various signs. Residents are reminded that under Section 4.22 of Point Edward's [Zoning By-law](#), **signs are not permitted on Village boulevards.**

Signs are permitted on private property as long as the signs comply with the applicable Village by-laws, including the provisions of the Zoning By-law regarding sight triangles.

Residents are asked to move any signs that they placed on a boulevard to their own property. Signs that remain on boulevards after Friday, September 10, are subject to removal by the Village. Please share this message with your Village friends and neighbours.
